PETITION FOR RULEMAKING

To the Chief, Allocations Branch:

Linda A. Davidson ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

2. Petitioner proposes the Commission allot FM channel 293A to Cambria, California as its third or fourth commercial FM service*. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Cambria, CA	235B1, 278A	235B1, 278A, (287A), 293A

3. Cambria is a Census Designated Place located in central California. It is located in San Luis Obispo county. In 2000, the United States Census Bureau estimated that Cambria had a population of 6232 persons.

4. FM channel 293A can be assigned to Cambria in full compliance with the Commission's minimum distance separation requirements. This is illustrated in the attached spacing study. Coordinates used are N 35:36:36, W 121:06:00 and are located approximately 7 Km north of Cambria. This site restriction is necessary to prevent a short spacing with station KWWV, Santa Margarita, CA

5. Petitioner, or an entity with which she is affiliated, intends to apply for a construction permit to activate channel 293A if it is assigned to Cambria as proposed. If her application is granted, she shall promptly construct and operate the proposed station.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are hers, and are accurate to the best of her knowledge.

Respectfully submitted,

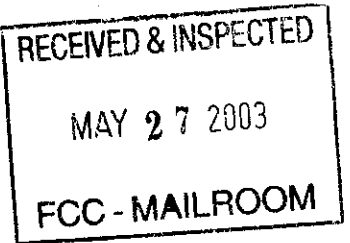

Linda A. Davidson
